DETAILED ACTION

Response to Arguments

1. Applicant's arguments, filed December 13, 2004, with respect to 2-8, 28, 31-37 and 39-54 have been fully considered and are persuasive. The rejection of the claims has been withdrawn.

2. Claims 3,2,4-8, 28, 31-37 and 39-54 are renumbered as 1-31 respectively.

Allowable Subject Matter

3. Claims 2-8, 28, 31-37 and 39-54 are allowed over the prior art of record.

The following is an examiner's statement of reasons for allowance:

Regarding independent claims 3, 31, 42 and 53, the prior art fails to disclose or suggest the claimed provision "accessing a mapping that is stored on a repository and that maps fields of a requested logical collection of information to a plurality of databases wherein the at least two of databases store information in a different format from one another and using a user identifier and said stored mapping to retrieve information corresponding to those fields from the plurality of databases" as claimed in conjunction with remaining claims provisions.

4. The dependent claims, being further limiting to the independent claims, definite and enabled by the Specification are also allowed.

5. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Other Prior Art Made of Record

6. Guha (US 6,108,651) discloses heuristic co-identification of objects across heterogeneous information sources.

Conclusion

7. The prior art made of record and not relied upon is considered pertinent to Applicant's disclosure.
